About Us

<https://vertextradesolutions.in>

Vertex Trade Solutions is a trusted dealer and supplier of high-quality polymer raw materials, chemicals, and petrochemicals. We empower manufacturers, SMEs, and traders across India with reliable material sourcing, transparent pricing, and dependable supply chain support. With a strong global sourcing network, we ensure consistent quality, timely delivery, and competitive rates—helping our clients produce with confidence and efficiency.

Backed by industry expertise, we offer a comprehensive range of commodity and engineering polymers including PVC, PET, HDPE, LDPE, LLDPE, PP (Homo, Co-polymer, Random), Polystyrene (GPPS, HIPS), ABS, Nylon (PA6, PA66), Polycarbonate (PC), PBT, PMMA, SAN, EVA, and more. Each material is sourced from trusted international manufacturers to guarantee reliability and performance.

Services We Offer

At Vertex Trade Solutions, we offer a complete range of high-quality raw materials including Engineering Polymers, Commodity Polymers, and Industrial Chemicals. Our Engineering Polymers deliver superior strength, heat resistance, and durability for automotive, electrical, and high-performance industrial applications. We also supply bulk quantities of Commodity Polymers such as LDPE, LLDPE, HDPE, PP, PVC, PET, HIPS, and GPPS, widely used in packaging, molding, construction, and consumer goods manufacturing. In addition, our range of Industrial Chemicals—including EVA, rubber materials, masterbatches, additives, and specialized industrial solvents—supports diverse industries with consistent quality and reliable supply. With strong sourcing capabilities and pan-India distribution, we ensure timely delivery, competitive pricing, and dependable service for all your material requirements.

Products

LDPE

Applications:

- Film manufacturing
- Carry bags
- Lamination
- Coatings
- Packaging rolls

PP (Polypropylene)

Applications:

- Household items
- Automotive parts
- Packaging
- Fibres & fabrics

LLDPE

Applications:

- Stretch & shrink films
- Liners
- Industrial packaging
- Moulding items

PVC Resin

Applications:

- Pipes & fittings
- Cables
- Doors & profiles
- Flooring

HDPE

Applications:

- Water tanks
- Injection moulding
- Household products

PET

Applications:

- Bottles & containers
- PackagiFeatures:

Products

EVA

Applications:

- Footwear
- Solar sheets
- Packaging foam
- Hot-melt adhesives

ABS

Applications:

- Toys
- Auto parts
- Electronics
- Appliance housings

HIPS

Applications:

- Disposable cups
- Packaging
- Toys
- Household items

10 GPPS

Applications:

- Clear containers
- Lighting fixtures
- Display items
- Packaging

Features:

- ✓ High clarity
- ✓ Excellent mouldability
- ✓ Economical
